

NATIONAL INDUSTRIAL CORRIDOR DEVELOPMENT CORPORATION (NICDC) LIMITED

Job description for the post of “Expert- Medical Value Travel” on a Contractual Basis for 5 Years

COMPANY PROFILE

Government of India is developing various Industrial Corridor Projects as part of National Industrial Corridor Development Program.

National Industrial Corridor Development and Corporation (NICDC) Limited, a Special Purpose Vehicle has been set up for coordinated implementation of the industrial corridor projects across the country. NICDC has been mandated to act as the Project Development Partner or Knowledge Partner to all Project SPVs, State Government agencies and Central Govt. for the implementation of industrial corridor projects.

In addition to above, NICDC is engaged as Project Management Agency (PMA) by Ministry of Textiles for implementation and monitoring of PM MITRA Parks.

NICDC shall also serve as the nodal agency for implementing the BHAVYA scheme (Bharat Audyogik Vikas Yojna), leading the development of 100 plug-and-play industrial parks across India.

Key Responsibilities:

- Provide domain expertise for planning and development of Regional Medical Hubs and healthcare-led economic ecosystems.
- Support development of frameworks related to medical value travel, overseas patient facilitation, and integrated healthcare services.
- Advise on healthcare infrastructure ecosystems including hospitals, diagnostics, rehabilitation, wellness, hospitality, and allied support infrastructure.
- Support identification of investment opportunities, PPP structures, and institutional models for healthcare infrastructure projects.

- Engage with State Governments, healthcare providers, investors, multilaterals, and industry stakeholders for ecosystem development and implementation support.
- Support preparation of concept notes, technical assessments, policy inputs, strategic reports, and implementation frameworks.
- Identify operational bottlenecks, infrastructure gaps, compliance issues, and ecosystem constraints affecting healthcare infrastructure development.
- Support branding and positioning strategies for medical hubs and healthcare destinations.
- Provide strategic inputs on healthcare ecosystem integration, governance structures, and implementation mechanisms.

Qualifications & Requirements:

Experience: Minimum 10 years of experience in healthcare infrastructure, medical tourism, healthcare consulting, healthcare PPPs, or healthcare ecosystem development.

Qualification: Should have Master's degree

Mode of Employment: Contractual (Full Time/ Part Time)

Contract Period: 05 Years

Number of Position: 1

- Strong understanding of healthcare infrastructure systems, medical value travel ecosystems, and international patient facilitation frameworks.
- Experience working with governments, healthcare institutions, investors, development agencies, or healthcare infrastructure platforms.
- Understanding of PPP models, transaction advisory, and investment facilitation in healthcare infrastructure projects.
- Strong understanding of operational, regulatory, and ecosystem challenges affecting healthcare infrastructure development.

- Ability to engage with senior government officials, hospital networks, industry stakeholders, and institutional partners.
- Strong analytical, advisory, communication, and stakeholder management skills.

Preferred Background

Candidates with experience in the following areas shall be preferred:

- Medical value travel and international patient ecosystems
- Development of medical cities, healthcare districts, or integrated healthcare hubs
- Hospital infrastructure and healthcare ecosystem planning
- Integrated healthcare-wellness-hospitality ecosystems
- International patient facilitation and healthcare destination management
- Healthcare infrastructure investment and PPP advisory
- Healthcare tourism promotion and global healthcare positioning
- Healthcare infrastructure strategy and institutional advisory
- Government or multilateral healthcare infrastructure initiatives
- Integrated healthcare ecosystem development involving hospitals, diagnostics, rehabilitation, wellness, and allied services
